

Reston Study Center

1810 Old Reston Ave, Reston, VA 703-689-3443

Apologetics Bootcamp

Saturday, May 20. From 11 a.m. to 5 p.m., with lunch
For college students and young professional men. Fee: \$20

We will spend the day discussing arguments in defense of the faith and rejoinders to some of the most persistent intellectual objections to the faith. Our discussion will enliven and empower an evangelizing zeal for the Catholic faith. Non-Catholics are welcome.

Prof. Jay W. Richards, of CUA, formerly of The Discovery Institute.

A convert to the Catholic Faith, Dr. Richards has a doctorate in philosophy and theology from Princeton. He has authored these books: *The Privileged Planet*; *Are We Spiritual Machines?*; *The Untamed God: A Philosophical Exploration of Divine Perfection*; *Unapologetic Apologetics*; and *Money, Greed and God*.

His topic: "Contra Evolution: the Fine-Tuning of the Universe" Dr. Richards has long held forth in public debates against atheistic scientists in support of the intelligent design world view.

Austin Ruse, director of "C-Fam" the pro-life NGO at the United Nations

He is the author of these books: "Littlest Suffering Souls: Children Whose Short Lives point us to Christ," and "Fake Science: Exposing the Left's Skewed Statistics."

Austin will speak on: ""God and the Permission of Evil"

Also we will project and discuss a brilliant recorded lecture, "Are God and Faith Anti-Science and Anti-Reason?" delivered by the remarkable apologist Dr. John Lennox, Oxford professor of philosophy of science and mathematics.
